2. Vessel Reports

a) Editing Vessel Reports

- From the Dry Bulk tab, hover over *Vessel Reports* and click the report name (e.g. *casualties*).

The screenshot shows the Lloyd's List Intelligence website interface. The top navigation bar includes 'Home', 'Tankers', 'Gas', 'Dry Bulk', 'Insurance', 'Law & Regulation', and 'Lloyd's List News'. Below this is a secondary navigation bar with 'News', 'Latest Movements', 'Vessel Reports', 'Statistics', 'Commodity Sailings', 'Seasearcher', 'Ask the Analyst', 'Credit Reports', and 'AIS'. A dropdown menu is open under 'Vessel Reports', listing options such as 'Casualties', 'Charter Fixtures', 'Dead Vessels', 'Deliveries', 'Demolitions', 'Detentions', 'Inactive Vessels', 'Live Fleet', 'On Order', 'On Order Historical', 'Places', 'PSC Inspection Deficiencies', and 'Dry Bulk Summary'. A hand cursor is shown hovering over the 'Casualties' option.

The screenshot shows the 'Casualties Filters' page. It includes a description: 'Lists all casualties on the database involving dry bulks. Includes details of vessel characteristics, casualty type, date, class and flag at the time of casualty, and location. The user can compare the number of casualties by location, type, flag or class for user-defined time periods.' Below the description is a search bar containing 'Unspecified, Small, Panamax, Capesize, Handy, Handyn' and a 'Search' button. A red box with the text 'Click to add search criteria' has an arrow pointing to the search bar. Another red circle with a downward arrow points to a dropdown arrow icon on the right side of the search bar. Below the search bar is the 'Advanced Casualties Filters' section, which includes a 'Vessel Name' input field, a checkbox for 'Include Vessel Name At Time', and an 'Add a filter' button. At the bottom of this section are 'Clear Filters' and 'Search' buttons.

4. Commodity Sailings

Editing and downloading Export Commodities reports.

- From the Gas tab, hover over *Commodity Sailings* and click on one of the *Coal*, *Grain*, *Phosphate* or *Iron Ore* reports.

The screenshot shows the website's navigation bar with tabs for Home, Tankers, Gas, Dry Bulk, Insurance, Law & Regulation, and Lloyd's List News. A dropdown menu is open under 'Commodity Sailings', showing options for Coal, Grain, Phosphate, and Iron Ore. A hand cursor is pointing at the 'Grain' option. Below the navigation is a 'Fleet Summary' table for May 2010.

May 2010	No.	DWT

The 'Grain Filters' section includes a description: 'Shows sailings for vessels from key Grain load ports with details of main vessels characteristics, sailing date, and next three port of call and country. The user can filter by port and/or vessel.' Below this is a filter input field containing 'Unspecified, Small, Panamax, Capesize, Handy, Handymax' and a 'Search' button. At the bottom, there is an 'Advanced Grain Data Filters' section with a play button icon.

The table displays vessel data with columns: Vessel Name, Flag, Port, Country, Next Port, Next Country, Ore Capacity, and Sailed Date. Annotations include: 'Click to download report in to Excel' pointing to the 'Download as CSV' button; 'Select vessels to save in vessel list' pointing to the checkboxes; 'Save the current search criteria' pointing to the 'Save Current Search' button; and 'Edit the search result view' pointing to the 'Show / Hide columns' button.
